BISHOPS' CONFERENCE, PLENARY MEETING, NOVEMBER 2011

Development of a Strategic Framework for the Bishops' Conference

The Bishops' Conference approves the further development of its Strategic Framework. This framework will reflect the:

- i Core work of a Bishops' Conference, both international and national, as required by the status of Bishops' Conferences in the Catholic Church.
- ii Specific projects and programmes, at a national level, which will enhance and support the strategic priorities and needs of the dioceses of England and Wales.

Eucharistic Congress, Dublin 2012

The Bishops' Conference recommends that dioceses mark the Eucharistic Congress in Dublin on 10/17 June 2012 by periods of prayer and Eucharistic Adoration in every parish, in solidarity with the Congress and the Catholic Church in Ireland. Resources will be made available to parishes through the website in advance of this date.
