

witness through service

Little Way Week is inspired by the spiritual teaching and example of St Thérèse of Lisieux. The initiative aims to encourage and invite EVERYONE to reach out to others with the love of Jesus Christ through seven days of service.

Little Way Week is a wonderful initiative that the whole school community can participate in to witness to God's love through service. Let us imitate St Thérèse as someone who found deep and lasting joy and happiness in doing little things for Jesus and those around her.
